Release date: October 7, 2004 Category: MMO Action (Shooter) / 3D / 1st Person Developer: Valve Corporation and Hidden Path Entertainment Publisher: Valve Platform: PC Language: Multilingual Language Voice: English Publication type: Non-Steam, unofficial, does not require activation Version: 91, build 5394425 (from 10/09/2019) or 34 (from 25/05/2007) Description: Online multiplayer game. Based on the extremely popular mode of Half-Life, Counter-Strike, this game is a completely redesigned version of it on a new engine. The combination of realistic and fast arcade shooter rhythm - one of the key elements that made the game so popular. Counter-terrorists (special forces) fighting terrorists. Teams rescue/hold hostage and neutralize/set the bomb. Use real modern weapons. The main gameplay is like many of these military shooters drugged with a first person, but, unlike them, round-based. Instead of reviving the death of the players, he has to wait until the end of the round. At the beginning of each round, players get the money to purchase weapons and equipment; to kill enemies, and targets are given extra money. This nature of the game encourages teamwork and tries to stay alive. The game engine, Source from the company Valve, provides much better graphics than its predecessor Half-Life: Counter-Strike and also introduces a more realistic physical model.
